
Teacher Gain magnitude and sign across operating points
A In-range magnitude
B In-range sign
C Soft-OOD magnitude
D Soft-OOD sign
Absolute normalized teacher Gain, |g̃|
Teacher Gain composition (%)
Negative
Near-zero / invalid
Positive
air2 → H2S
T2 → H2S
air2 → SO2
T2 → SO2
Normalized Gain uses Tabular-MLP IQR scales. Near-zero / invalid follows the existing physical-Gain validity threshold.
